Figure 1 shows a perspective view of a substrate 1. The substrate is a rectangular plate with a grid of openings 5. The openings are arranged in a regular pattern of rows and columns. Each opening is a square with rounded corners, and it contains a smaller, solid square in the center. The substrate 1 is shown at an angle, revealing its thickness.

Figure 8 is a perspective view of a rectangular plate 8. The plate has a textured surface, indicated by numerous small dots. A curved line points from the reference numeral 8 to the top surface of the plate.

Figure 1 is a perspective view of a substrate 1. The substrate 1 is a rectangular plate with a grid of circular openings 9a. The openings 9a are arranged in a regular pattern on the top surface of the substrate 1. A label 9 points to the grid of openings, and a label 9a points to individual openings.

Figure 1 shows a perspective view of a substrate 10. The substrate is a rectangular plate with a grid of circular openings 11. The openings are arranged in a regular pattern across the surface of the substrate.
